“Lads To Leaders/ Leaderettes Report”

Conventions come and go so quickly. Kathy and I just finished convention number 22. We’ve seen this program at work in boys and girls by the thousands. Now it’s working for Broad Street as well, and we are so thankful. To have a great program you have to have a tremendous adult support network. We certainly have that at Broad Street, both in the financial backing I mentioned last week, and in the teachers, coaches and trip chaperones who make it all possible. We ended up with a group of 55 registered – 29 students and 26 adults.

We’ll be celebrating all the participation activities of all our students at the **First Annual Awards Banquet** on April 29. *Be sure to sign up this weekend if you plan to attend.* In this issue of the “*Broad Street Banner*” I wanted to share a few of our successes with the reader. **Please be aware, that every student who participated experienced success just by running the race.** These 29 students participated in 114 event entries. Additionally, our adults served in 24 judges positions.
